NAINITAL - BIRDING PARADISE
5 NIGHTS / 6 DAYS

Nestled in the picturesque Kumaon Himalayas, Nainital is a captivating destination for birdwatchers, where lush oak and rhododendron forests, tranquil lakes and mist-covered mountain slopes create a haven for diverse avian life. From the wooded trails of Pangot to the rich forest habitats surrounding Kilbury and Sattal, the region offers rewarding opportunities to discover an incredible variety of Himalayan birds. A birding journey through Nainital is more than a wildlife experience - it is an invitation to explore vibrant forest ecosystems, appreciate the richness of Himalayan biodiversity and reconnect with nature in one of Uttarakhand's most enchanting landscapes.

Tour Highlights

- Four days of exceptional guided birding in Nainital
- Immersive experiences in pristine Himalayan forests
- Excellent opportunities to spot diverse bird species
- Scenic landscapes ideal for nature photography

Itinerary

Day 1: Arrival and Evening Birding Session
Arrive in Nainital, proceed to the resort and check in. Enjoy lunch and some time to settle in before heading out for an evening guided birding session. Later, return to the resort for dinner and a comfortable night's sleep.

Days 2–5: Morning and Evening Birding Sessions
Begin the day with an early morning guided birding session, followed by breakfast and leisure time at the resort. After lunch, head out for another guided birding session in the evening.
Return to the resort for dinner and a relaxing evening.

Day 6: Departure
After breakfast, check out by 10:30 AM and depart from Nainital, taking with you wonderful memories of your birding experience.

Weather

Summer (March–June): Summer in Nainital is pleasant, with temperatures generally ranging from 10°C to 25°C. The comfortable weather and active birdlife make it an excellent season for birdwatching and exploring forest trails. Carry light clothing and a jacket for cool mornings.
Winter (November–February): Winters are cold, with temperatures ranging from around 0°C to 15°C. The forests offer opportunities to spot resident Himalayan birds and winter visitors. Carry warm layers, including a fleece jacket, sweater and a down jacket, for early morning birding.

Best Season for Birding

March to June and October to November are excellent periods for birding in Nainital, offering opportunities to spot Himalayan species such as woodpeckers, laughing thrushes, flycatchers and barbets.
March and April are particularly rewarding for observing resident birds and breeding activity, while autumn offers pleasant weather and excellent forest birding.
