ARUNACHAL - BIRDING EXPEDITION
6 NIGHTS / 7 DAYS

Nestled in the eastern Himalayan landscape, the birding trails of Nameri, Dirang, Sangti Valley and Tenga Valley offer an extraordinary journey through the diverse habitats of Northeast India. From the lush forests and riverine woodlands of Nameri to the misty mountain slopes, alpine valleys and open meadows of Arunachal Pradesh, each destination reveals a different side of the region's remarkable avian diversity.This birding expedition offers winding mountain roads, tranquil rivers, forest trails, and breathtaking valley views, combining rewarding wildlife encounters with the serene beauty of the Eastern Himalayas.

Tour Highlights

- Guided birding sessions across the diverse landscapes of Northeast India.
- Immersive experiences amidst pristine forest landscapes
- Rich birdwatching opportunities
- Scenic nature photography opportunities

Itinerary

Day 1: Arrival in Guwahati and Drive to Nameri
Arrive in Guwahati and transfer to Nameri National Park. Check in at your resort, enjoy dinner, and settle in for the night.

Day 2: Birding in Nameri National Park
Begin with an early morning birding session, followed by breakfast and leisure time. Head out again in the afternoon for another birding excursion before returning to the resort for dinner.

Day 3: Nameri to Dirang
After breakfast, drive to Dirang in Arunachal Pradesh, stopping along the way for birding opportunities, time permitting. Check in at your resort and relax for the evening.

Day 4: Birding in and around Sangti Valley
Explore the scenic Sangti Valley on a morning birding excursion. After lunch and some leisure time, head out for an afternoon session to discover more of the region's avian diversity. Return to the resort for dinner and a relaxing overnight stay.

Day 5: Dirang to Tenga Valley
Travel through picturesque mountain landscapes to Tenga Valley, making birding stops along the route as opportunities arise. Check in at your resort and enjoy a relaxing evening.

Day 6: Birding in Tenga Valley
Spend the day exploring Tenga Valley's rich birdlife, with birding sessions in the morning and afternoon, separated by lunch and leisure time at the resort.

Day 7: Return to Guwahati
After breakfast, drive back to Guwahati for your onward journey, carrying wonderful memories of your birding adventure in Northeast India.

Best Season: October to April is ideal for birding, with pleasant weather, excellent forest birding, and opportunities to spot winter migrants. Spring offers vibrant bird activity and breeding plumage.
